

wherever I may want to go
Do you like an escort or not if so
how do you like the magnolias, boys
I am confident you like the Texas
boys better than those in my stall
as you always say you have such good
times out at Tyler. All of my people
are getting and I think I will go and
marry some of these days before Leap-
year goes out. If I do it I will never
get murdered at all, so I will try
the luckance of this year, and I will
claim your love and friendship
until you go back on me, and get
married to some other man in the
Star Stall, Well S. H. I have not
very much that will interest so
I will bring my letter to a close
for this time hoping to hear from
you soon and have your views of
this subject as your own opinion
if you think enough of me to answer,
